

**Help Support the  
Ozaukee County  
Mountain Bike Teams**

# Who we are...

---

We are a club for athletes in grades 6-12 who are interested in riding off-road, racing, and adventure rides.

We welcome all skill levels, and encourage riding bikes as a lifelong activity. Education, safety, new friends, and FUN lead the way to improving skills with the opportunity to race if kids are interested.

# Our teams...

---

Our teams include Cedarburg, Grafton, Ozaukee County Composite, and Port Washington public school district boundaries (and all middle schools that feed into these schools). In addition, we also have team members from the University of Milwaukee, Brown Deer High School as well as home school athletes who live within the above school district boundaries. Other areas not listed but we welcome are kids from the Northern Ozaukee school district and Mequon school district.

# We love riding...

---

Mountain Biking provides a great alternative team environment and an opportunity to build skills and confidence in a unique way. Riders will learn basic through advanced skills including braking, shifting, body position, cornering, ascending, descending, and obstacles. Riders will also learn good bike path and trail etiquette, pre-race nutrition, and race strategies.

*There are no try-outs, nobody sits on the bench, and all riders are welcome.*

# It's more than a sport...

---

We are about having fun and building a community based around cycling. Our athletes create lifelong memories and friendships through riding. Beyond racing, kids also share in activities like overnight camping, adventure weekends, trail maintenance, and GRIT (Girls riding together).

---

We are a member of the Wisconsin Cycling League which is part of The National Interscholastic Cycling Association (NICA).

Founded in 2009, NICA develops interscholastic mountain biking programs for student-athletes across the United States. NICA provides leadership, services, coach licensing and training, insurance, and governance for local leagues to produce quality mountain bike events.

## **NICA MISSION:**

**We build strong minds, bodies, character, and communities through cycling.**

## **NICA VISION:**

**Every youth is empowered to be part of a thriving and engaged cycling community.**

# Help support us...

---

The team is currently looking for supporters to help fund our increasing needs. We would love to have you or your business as a supporter to help us in our goal of getting more kids on bikes.

# TEAM SUPPORTER LEVELS

Our club is a 501c3 non-profit organization and all donations will be tax-exempt.

## ALUMINUM

**\$50-499**
